Your Name \*

Ramkumar

Your Role \*

Developer

What went well \*

1.Successfully developed and deployed 10 website pages, including Branding, Web Design & Development, Digital Marketing, Animated Explainer, Graphic Design, Advertising, Parylene, and EL pages.

2.Integrated email services across all service pages, as well as the Organic Grains and Organic Cosmetics websites.

3.Worked on client projects and successfully completed the Organic Cosmetics project within the planned timeline.

4.coordinate the intern (under the guidance of Richied Sir), reviewed their work, provided guidance, and assisted in testing to ensure quality deliverables

### What not went well \*

- 1.Faced SMTP mail service issues during implementation, but successfully identified and resolved them.
- 2.Overall, project execution went smoothly with no major delays.
- 3.All assigned targets were achieved on time.

### Learnings & Outcomes \*

- 1.Gained experience with cPanel hosting, website deployment, domain configuration
- 2.Improved teamwork, task management, and coordination skills while working with multiple projects.
- 3.Enhanced knowledge of email service integration and troubleshooting.

### Way forward Plans for June Month \*

Focus on upcoming client projects and ensure timely delivery.

### Hiccups \*

Encountered SMTP mail service issues during integration, which required additional troubleshooting and testing before resolution.

### Support Required \*

Better work planning and task allocation.
